Hiking with Style

HIKING WITH STYLE

Although you will be in the middle of pristine nature you can look forward to the luxuries that you do not want to miss:

- Sundowners, romantic 3-course dinners and all other meals out in the dunes
- Comfortable stretcher beds under a billion stars
- Hot bucket shower and open air toilet with splendid vistas

Giving you a great time is what we strive for. At the same time, it is paramount to us to keep our footprint on this pristine landscape as small as possible.

NamibRand Nature Reserve is a model for private conservation and low-impact tourism. The reserve integrates a number of former livestock farms into one huge protected area where wildlife can once again roam free. Comprising of more than 170.000 hectares the biodiversity is astounding and includes endangered cheetah and lappet faced vulture as well as many of the Namib's famous endemics, the Dune Lark and Grants Golden Mole, just to name a few. With its diversity of pristine landscapes and awe-inspiring beauty it is a soulful destination for nature loving travellers.
